ABOUT US

Arakkal Gold was established in 1996 for the sole purpose of giving joy and happiness to its customers through its products. We only offer pure and standard products made of precious metals like Platinum, Gold and Silver. Our single objective and motto is customer delight which is driving the organization so far. Trust and Quality are the foundations of our company. We strive to achieve the highest level of customer satisfaction in our products and services. We are specialized in the jewelry business in UAE and other parts of the world. We can supply jewelry based on the firm orders received from our customers. We have distribution centers around the world and cater for door deliveries in and around the UAE.

BUY From us

We offer different purities of gold ornaments, coins, bullion bars and jewelry with 99.9999% purity. Ornaments are mixed with other metals to allow intricate shapes and improve durability. We present jewelry ranging from 18 carats to 24 carats in all possible designs. All our products carry a certificate stating the purity of the metal-gold, silver or platinum.

Silver Kilo Bars

Gold Coins

Silver Granules

Our customers can choose from a variety of Bullion bars of Gold or Silver for their safest and long term investment purpose. The main purpose of choosing Bullion bars over other forms of Gold is that they can weather climatic changes and remain robust even after 1000 years without deterioration.

| JEWELLERY

At Arakkal Gold you have the choice to select various designs under the single category. Our jewelry designs are contemporary and very much in vogue. We also have traditional, work wear, ethnic, daily, antique and royal collections. Our catalog has all designs to woo all sections and tastes. Customers have a choice to buy any precious metal and design of their choice available in the catalog.

SELL & EXCHANGE

At Arakkal Gold and Diamonds we offer our clients with the best and most competitive prices in the market on scrap or exchange with kilo bar, tola bar and jewellers.

If you want to sell off your old jewelry and purchase new ones, we are right there for you. We assist you with the nitty-gritty of selling and purchasing of new jewelry if you wish to. We accept all kinds your jewelry of precious metals like Platinum, gold and Silver. Without any restriction, you can sell Jewelry (chains, necklace, bracelets, rings, studs and etc.), coins and bullion bars of Gold and Silver in exchange for cash in no time.

Steps to follow for scrap exchange

- | The scrapped Gold or metals are first weighed in front of customers
- | The scrapped metal is then placed in the furnace in order to melt it
- | The molten metal is shaped into bars, which is sent to lab for an assay report
- | Based on the assay report, regulated by DMCC, the percentage of main metal is ascertained
- | Customers can exchange the total weight and value of the main metal for Kilo bars, Tola bars or jewelry as per your choice.
- | We assure the best price on that date for any scrap metal compared to anyone.
- | Please forward your inquires to our customer care, we take care of the rest.
